

OUR HV CONTRACTING
SERVICES TEAM

WHAT WE DO

UK Power Networks Services is part of UK Power Networks, who own and maintain electricity cables and lines across London, the South East and East of England making sure the lights stay on for over 8 million customers. UK Power Networks Services provides the support and assistance you need, whenever and wherever you need it. As a large organisation, we work at a local level with a diverse range of private infrastructure clients with significant property portfolios.

HV Contracting Services develops, delivers and manages safe, sustainable and profitable private high voltage electrical and multi-utility networks for owners of major infrastructure.

Large UK Companies:

- The Body Shop
- DHL
- GlaxoSmithKline
- Coca-Cola
- Southern Water

NHS Hospitals:

- Medway Maritime
- The Royal Sussex County
- The Institute of Cancer Research

So whatever size your business is, we'll tailor our services to provide the most effective collaborative working relationship.

Universities & Ports/ Dockyards:

- University of Brighton
- University of Surrey
- University of Kent
- Port of Dover

Project design and build – UK Power Networks Services is Lloyds accredited throughout the UK to carry out the contestable part of any electrical connection installation.

Our services include:

- High voltage and low voltage design and construction up to 33kV
- High voltage technical training
- Office support service
- Fault repair
- Protection and power quality services

Maintenance – A base level contract designed to ensure you meet all of your legal requirements

- Electricity at Work compliance
- Regular inspections
- Scheduled maintenance
- Maintenance reports
- Notification of nationally reported equipment defects

Operations and Maintenance – An extended contract that includes the services listed but with the added protection of being a 24-hour a day operation

- Customised solutions
- Access to expert advice
- 24-hour emergency call out
- 24-hour control and operation
- Fault location

HEALTH & SAFETY AT UK POWER NETWORKS SERVICES

UK Power Networks Services have a proactive rather than reactive mind-set to health and safety. We believe that coaching our teams with regards to behaviours, beliefs and attitude is the safest way going forward. In essence we wish to ensure that safety is not a conscious choice but part of our DNA, conditioning the mind to always think 'Stay Safe'.
